

Geographic Area Map – White Areas

The Board's normal practice in respect of construction industry applications for certification that arise in the "white areas" of the province is to define the geographic scope of the bargaining unit (outside the province wide industrial, commercial and institutional sector) by reference to the geographic township in which the work was being performed and the adjacent townships: See *Procon Developments Ltd.*, [1990] OLRB Rep. April 459, *Alcan Aluminium Limited*, [1997] OLRB Rep. May/June 305, and *South Side Ltd.*, [2002] OLRB Rep. May/June 510.

Restructuring Maps of Ontario are on the Ministry of Municipal Affairs and Housing's internet site and may assist the parties in determining the appropriate townships for the bargaining unit description.
