ACCESSIBILITY POLICY

POLICY ON ACCESSIBILITY STANDARDS FOR CUSTOMER SERVICE

The Tribunal falls under the administrative auspices of the Ontario Labour Relations Board.

In accordance with the *Accessibility for Ontarians with Disabilities Act, 2005*, the Board has established the following policies, practices and procedures governing the provision of its services to persons with disabilities. The services are designed to conform with Ontario Regulation 429/07, "Accessibility Standards for Customer Service."

The Board makes every effort to ensure that its policies, practices and procedures are consistent with the principles described in the Regulation, namely:

- The goods or services must be provided in a manner that respects the dignity and independence of persons with disabilities.
- The provision of goods or services to persons with disabilities and others must be integrated unless an alternate measure is necessary, whether temporarily or on a permanent basis, to enable a person with a disability to obtain, use or benefit from the goods or services.
- Persons with disabilities must be given an opportunity equal to that given to others to obtain, use and benefit from the goods or services.

Assistive devices

Persons with disabilities who rely on assistive devices will be permitted access to and benefit from their devices when they are using the Board's services. If necessary, the Board will provide other measures to enable a person with a disability to obtain, use or benefit from the Board's services.

Service animals

Persons with disabilities, including members of the public or third parties, who rely on guide dogs or other service animals, will be permitted to enter the Board's premises and keep their animal with them, unless the animal is otherwise legally excluded from the premises. If the animal is legally excluded, the Board will provide other measures to enable a person with a disability to obtain, use or benefit from the Board's services.

Support persons

Persons with disabilities who are accompanied by a support person will be permitted to enter the Board's premises with their support person, and the Board will ensure that the person with a disability is not prevented from having access to their support person while both are at the Board.

Temporary disruptions

If the Board is required to disrupt its particular facilities or practices that usually accommodate a person with a disability, the Board will provide notice to the public of the disruption, including the reasons for it, the duration of the disruption, and a description of alternative facilities or services that may be available.

Training

Board staff will be trained in the provision of services to persons with disabilities. The training shall include:

1. how to interact and communicate with persons with various types of disability, including those who rely on assistive devices, service animals or support persons;
2. how to use any of the Board's equipment that is available for persons with disabilities; and
3. what to do if a person with a disability is having difficulty accessing the Board's services.

The Board will maintain a record of its training efforts.

Copies of this policy

If the Board is required to provide a copy of this policy to a person with a disability, the Board will give the person this document, or the information contained in it, in a format that takes into account the person's disability. Alternatively the person with a disability and the Board may agree on a different format for the document or information.

POLICY ON OPENNESS AND PRIVACY

Open Justice

The Tribunal falls under the administrative auspices of the Ontario Labour Relations Board.

This document outlines the Tribunal's policy on the openness of its processes and describes how the Tribunal handles issues relating to privacy rights.

The concept of "open justice" is a significant principle in our legal system. The *Statutory Powers Procedure Act*, which governs the conduct of most administrative decision-makers in Ontario, provides that oral hearings are to be open to the public, save for exceptional circumstances. Because of its mandate and the nature of its proceedings, the Tribunal maintains an open justice policy to foster transparency in its processes, accountability and fairness in adjudication.

The Tribunal's website, notices, information bulletins and other publications advise parties and the community that Tribunal hearings are open to the public. Parties who engage the Tribunal's services should be aware that they are embarking on a process that presumes a public airing of the dispute between them, including the publication of decisions. Parties and their witnesses are subject to public scrutiny when giving evidence before the Tribunal and they are more likely to be truthful if their identity is known. Tribunal decisions currently identify parties and their witnesses by name, and may set out whatever information about them that is relevant to the determination of the dispute.

At the same time, the Tribunal acknowledges that in some instances the disclosure of an individual's personal information during a hearing or in a written decision may have an impact on that person's life. Privacy concerns arise most frequently when identifying aspects of a person's life are made public. The Tribunal endeavours to include this information only to the extent necessary for the determination of the dispute.

With the advances in technology and the availability of electronic dissemination of material—including PEHT decisions—the Tribunal recognizes that in some instances it may be appropriate to limit the concept of openness as it relates to the identity and circumstances of individuals who are parties or witnesses in proceedings before the Tribunal.

In exceptional circumstances, the Tribunal will depart from its open justice principles and in doing so, the Tribunal may grant requests to maintain the

confidentiality of specific evidence and tailor Tribunal decisions to accommodate the protection of an individual's privacy (including depersonalizing the identity of parties or witnesses or holding a hearing in private).

The Tribunal considers its policy to be consistent with the protocol adopted by the Heads of Federal Administrative Tribunals Forum¹ (endorsed by the Council of Canadian Administrative Tribunals) and the principles found in the Canadian Judicial Council's *Use of Personal Information in Judgments and Recommended Protocol*.²

Access to Tribunal decisions

Requests by third parties for access to files maintained by the Tribunal are handled consistent with [Procedures on Access to Documents and Exhibits Contained in Board Adjudication Files](#).

Full text of PEHT decisions are available in hard or electronic copy through the Ontario Workplace Tribunals Library (www.owtl.on.ca, photocopying fees apply), or in electronic format on public websites (<http://www.canlii.org>) or by subscription (<http://www.lexisnexis.ca>).

AFTER HOURS PRACTICE

The Tribunal falls under the administrative auspices of the Ontario Labour Relations Board.

The Tribunal's normal business hours of operation are 8:30 a.m. until 5:00 p.m. Monday to Friday. The Tribunal is closed on weekends and statutory holidays. In the normal course all applications will be dealt with during this time.

In those unusual circumstances where a party anticipates requiring the Tribunal's services during non-business hours, the applicant will arrange, or attempt to arrange, during normal business hours, for service and notice to the other prospective parties via phone/email/ physical service in advance of the request for Tribunal services during non-business hours.

Once the Tribunal receives the request a determination will be made by the Tribunal, and notice will be provided to all the parties, setting out if, how, and when, the application will proceed.

COMPLAINTS RESOLUTION PROCESS

Service Commitment

The Tribunal falls under the administrative auspices of the Ontario Labour Relations Board.

The Pay Equity Hearings Tribunal is a quasi-judicial adjudicative agency committed to fulfilling its mandate in a fair, consistent and accessible manner. The Tribunal operates within the context of a professional and accountable public service dedicated to continuous improvement and integrity. The purpose of this policy is to create a transparent and fair method for dealing with public complaints.

The purpose of the Tribunal is to assist parties in the resolution of their pay equity disputes either through mediation or, where parties are unable to resolve their disputes, by conducting a hearing into the matter before a panel of the Tribunal. The panel or Vice-Chair will issue a written decision. It is not the role of the Tribunal to protect the interests of any party or to assist one party over another.

Service Quality Complaint vs Dissatisfaction with a Decision of the Tribunal

From time to time the Tribunal receives complaints about the quality of service related to its policies and procedures or the conduct of Tribunal members or staff. The Tribunal is committed to providing the highest quality of service to the public and takes its obligations in this regard very seriously. All service related complaints will be treated expeditiously and every reasonable effort made to resolve complaints to the satisfaction of the complainant. However, dissatisfaction with a decision of the Tribunal, or the application of a Tribunal Policy or procedure during the course of a hearing, is not a complaint within the meaning of this policy.

If the Tribunal receives a complaint for which the appropriate action is a request for reconsideration or application for judicial review of the decision, the Tribunal will inform the complainant of these options.

Making a Complaint

- All complaints should be made in writing. Complaints that are not received in writing will be dealt with on a case by case basis, in a manner deemed appropriate by the Client Services Coordinator or the Tribunal's Director/Registrar. If you are unsure whether your concern falls under this policy, please contact the Tribunal's Client Services Coordinator.
- Complaints may be directed to:

CLIENT SERVICES COORDINATOR:

France Poirier 416-326-7474
505 University Ave., 2nd Floor
Toronto, Ontario
M5G 2P1

- Complaints about a staff member may be raised with that person directly or forwarded to the attention of the Tribunal's Director/Registrar.
- Complaints about a Vice-Chair or a Tribunal Member should be raised in writing with the Chair. If the complaint relates to a hearing that is still in process, the Chair may defer any response until, in the Chair's opinion, the timing is appropriate.
- Complaints about the Chair of the Tribunal should be raised with the Minister of Labour.

What You Can Expect

- If a person is the subject of the complaint, he/she will generally be kept informed through the review process.
- A response will be provided within 15 working days of receipt of the complaint. If further action is necessary, or if the Tribunal requires more time to investigate the complaint, the Tribunal will tell you how much additional time it requires.
- This policy does not affect your right to raise your concerns with the Ombudsman of Ontario.

TRAVEL POLICY

Hearings

The Tribunal falls under the administrative auspices of the Ontario Labour Relations Board.

In these times of economic restraint and uncertainty, the Ontario Labour Relations Board (the "Board") is constrained to deliver services in the most economical and efficient manner possible. As a result, hearings are generally held at the Board in Toronto, regardless of the location of the parties.

There are exceptions to this policy, **in a limited number of cases**, where the workplace parties are located over 250 km from the Tribunal. In those cases, the Tribunal may travel to regional centres located in Ottawa, Sudbury, Thunder Bay, North Bay, Sault Ste Marie, Timmins and Windsor.

Where matters are scheduled initially in Toronto, the parties may ask the Tribunal to change the hearing venue to one of the regional centres after the first two days of hearing and where a lengthy hearing is anticipated. The Tribunal, where it considers it advisable, may schedule continuation hearing dates out of town as requested.

Where travel remains a significant issue, the parties may consider requesting that some or all of the proceeding be conducted via an electronic hearing (video conference or teleconference), if appropriate.

This policy is consistent with the Tribunal's practice over the past few years.
