OLRB Case No: **0947-22-R**

**The Electrical Power Systems Construction Association**, Applicant  
v The Operative Plasterers' and Cement Masons' International  
Association of the United States and Canada, Local Union 598,  
Responding Party

**BEFORE:** Lindsay Lawrence, Vice-Chair

**DECISION OF THE BOARD:** September 22, 2022

1. This is an application for accreditation made pursuant to section 134 of the *Labour Relations Act, 1995*, S.O. 1995, c.1, as amended (the "Act") in which the applicant seeks to be accredited as the bargaining agent of certain employers who have a bargaining relationship with the responding party.

2. The parties have now agreed on a description of the appropriate bargaining unit, the form of notice to the employers that may be affected by this application and the manner in which it is to be published, and the list of employers that come within the bargaining unit for which the applicant seeks accreditation.

3. Section 135 of the Act requires the Board, upon an application for accreditation, to determine "the unit of employers that is appropriate for collective bargaining in a particular geographic area and sector..." Section 135 also provides that the Board, in making that determination, "need not confine the unit to one geographic area or sector but may, if it considers it advisable, combine areas or sectors or both or parts thereof."

4. The bargaining unit description to which the parties have agreed is:

all employers of employees for whom the Respondent  
Trade Union Operative Plasterers' and Cement Masons'

International Association of the United States and Canada, Local 598 has bargaining rights in the Electrical Power Sector in the Province of Ontario.

For Clarity: Construction work in the Electrical Power Sector consists of all construction work on Ontario Power Generation Inc. (OPGI), Bruce Power LP and Hydro One property for the bulk power system, save and except the building of commercial type office facilities at urban locations remote from operating facilities. It comprises generating stations; hydraulic works; heavy water facilities; transmission lines (voltages over 50 kV); transmission stations, microwave and repeater stations.

While the parties' agreement is a significant factor in the Board's determination of the appropriate bargaining unit under section 135 of the Act, the employers and others who may be affected by this application may have submissions to make with respect to the description of the bargaining unit and any other issues that may arise in this proceeding.

5. The Board has not yet determined whether the description of the proposed bargaining unit to which the applicant and responding party agreed is an appropriate bargaining unit within the meaning of section 135(1) of the Act. The Board will make that determination after the Employer Filing Date or, if a hearing is scheduled in this matter, at or after that hearing.

6. Notice of this application must be provided to any employer that may be affected by this application.

7. The applicant and responding party have agreed on the form of notice that is to be provided. They have also agreed that notice should be published on the Board's website and in publications directed at construction industry contractors as well as in newspapers distributed in the geographic area affected by this application. Therefore, the Board directs the applicant to publish at its expense the attached Notice to Employers as an advertisement in the following publications:

- The Daily Commercial News
- The Toronto Star
- The London Free Press
- The Ottawa Citizen
- The Chronicle-Journal (Thunder Bay)

The Board directs the applicant to arrange to have the notice appear as an advertisement once by **October 3, 2022**.

8. The Board directs the applicant to send forthwith to the employers on the List of Employers filed by the applicant and responding party, a copy of this decision together with a blank "Employer Filing, Application for Accreditation, Construction Industry" (Form A-94) and a blank "Accreditation: List of Employees" and to provide the Board and the responding party with confirmation of delivery to those employers.

9. The Board directs the Registrar to post the attached Notice to Employers and a copy of the "Notice to Employers of Application" on the Board's website.

10. The Registrar has fixed the Employer Filing Date as **October 31, 2022**.

11. Any employer that is affected by this application or believes it may be affected must file an "Employer Filing, Application for Accreditation, Construction Industry" (Form A-94) with the Board on or before **October 31, 2022** in order to participate in these proceedings. Any employer that does not file a Form A-94 by the Employer Filing Date will not be entitled to any further notice in this matter. This matter may proceed and be determined based on the submissions filed with the Board without further notice to any employer that has not filed a Form A-94.

12. If a hearing is scheduled in this application, notice of that hearing will be provided to the parties and to the employers that had filed a Form A-94 on or before the Employer Filing Date.

13. The Board has not yet made the determinations required by sections 134 and 136 of the Act. Those matters, together with the description of the appropriate bargaining unit, will be determined by the Board after the Employer Filing Date or if a hearing is scheduled in this matter, at or after that hearing.

14. This panel of the Board is not seized with this matter.
